unbelievable plot, an unsub who has really nothing... Von Miki101. Micha ...in common with the bone collector, and a book that is way too long. Over the last year more and more of the so-called "big" crime-writers let old adversaries perform a magical resurrection. In some cases it is a good idea, in others - like here - sadly not. If an author runs out of ideas, it seems much better to my lil' self the or she take some time off instead of rewarm old stories. Here it is the title too, that suggests a connection to the "Bone Collector" - the serial killer that made Jeffery Deaver famous a long long time ago. But the title is irritating - because this "Skin Lover" aka serial tatoost and murderer does NOT collect the skin of his victims. And the plot may be twisted, but the solution is not what I was waiting for. The whole story about this unsub is highly unbelievable, and at the end pops out his greatest adversary like a Jack-in-the-box! No, thanks! Before I buy the next book written by Jeffery Deaver I may await the economical edition. Because I am tired of him, and - other example for recycling old acquaintances - Patricia Cornwell, whose Kay Scarpetta is permanently living in the past. If authors want the whole and really not very low prices for their books, I - as a reader want a good handywork. This book is a mediocre 3-star worth and I really can NOT reccommend it as a must-read thriller, sorry! 1 von 3 Kunden fanden die folgende Rezension hilfreich. Schema F Von Karl Srsen Bekannte Schemata, implausible twists, wirre Hintergrund-Story, in der plzliche der Watchmaker alle Fden gezogen haben soll. Ein Tiefpunkt in der Lincoln-Rhyme-Serie, kann man getrost berspringen!

Kurzbeschreibung They have never seen a murder like it - but something about this killer is all too familiar... A new type of serial killer is stalking the streets of New York - one more devious and disturbing than ever before. A talented tattoo artist is using poison instead of ink. His victim is a young woman. And on her skin he's left a message: 'the second'. Processing the scene, NYPD detective Lincoln Rhyme and his associate Amelia Sachs find just one trace of evidence. A scrap of paper that connects this case with one they will never forget: the killer they called The Bone Collector... 'Outstanding . . . Deaver proves himself a grandmaster of the genre as each surprise leads to an even bigger surprise, like a series of reverse Russian nesting dolls.' - Starred , Publisher's Weekly Pressestimmen "Deavotees" will expect and gratefully receive the many twists and sudden turns . . . No one is better at narrative misdirection. Just at the point you think "That's impossible!" Deaver demonstrates the exact opposite . . . Once again the depth of his research and characterisation has created a superb example of modern American Gothic. (Evening Standard) Quality thriller... This is Deaver back on form (Daily Mail) Another suspenseful and twist-filled entry in this always-exciting series. (Booklist) Outstanding . . . Deaver proves himself a grandmaster of the genre as each surprise leads to an even bigger surprise, like a series of reverse Russian nesting dolls (Starred review, Publishers Weekly) The most creative, skilled and intriguing thriller writer in the world . . . [Deaver] has produced a stunning series of bestsellers with unique characterisation, intelligent characters, beguiling plots and double-barrelled and sometimes triple-barrelled solutions. (Daily Telegraph) The pace is terrific, the suspense inexorable, and there is an excellent climax . . . If you want thrills, Deaver is your man. (Guardian) Werbetext Master of suspense and number one bestselling author Jeffery Deaver returns with the eleventh exhilarating novel in the Lincoln Rhyme series, and long anticipated follow-up to THE BONE COLLECTOR.
