nice, easy read...Von Ein KundeThis was a very sweet book. I loved "Bear" and Diamond. Their relationship was believable and the setting was very interesting. It was the first book I had ever read set on the construction of a railroad. It was a quick read, and not to mention quite funny at times. I recommend it to anyone who likes sweet, lighthearted romances.1 von 1 Kunden fanden die folgende Rezension hilfreich. So-SoVon Ein KundeThis book barely held my attention. Sure, it has moments of humor and moments of sweetness, but I couldn't help but become unbearably bored after the first several chapters. Perhaps I'm becoming jaded, but the passion between these two characters seemed forced and banal.0 von 0 Kunden fanden die folgende Rezension hilfreich. Disappointing and boring.Von L. S. TuckerI WAS a fan of Ms. Krahn, based on her prior books. This book should have been another winner, based on the premise. Unfortunately, I was bored almost from the get-go. I felt no compassion for the characters, I didn't see any chemistry at all. If I was asked to recommend a book to read, this wouldn't be the one.
