Von Clive Cussler : The Spy: Isaac Bell #3 (Isaac Bell Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Spy: Isaac Bell #3 (Isaac Bell Series):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. Double Agents Set the Background for Diabolical Double DealingVon Donald Mitchell"And they made bells of pure gold, and put the bells between the pomegranates on the hem of the robe all around between the pomegranates:" -- Exodus 39:25 (NKJV)Can there be any doubt that turning the inimitable private detective Isaac Bell into a spy chaser is going

to be good for this series? I think *The Spy* rings the bell in making for a more entertaining story than merely tracking down brainy, greedy thieves as occurred in *The Chase* and *The Wrecker*. I especially enjoyed a deeper sense of the international diplomatic and naval tensions in the pre-World War I era. The references to developing technology are also very interesting, even if they concern ways of doing things that are now long obsolete. The story was also enhanced by having a deeper nautical theme than the earlier two Isaac Bell novels. Mr. Cussler's imagination seems to be artificially restrained when he's stuck on land. The ultimate identify of the master spy is held back until late in the story, which added a lot more entertaining suspense for me. My main regret was that the book's action wasn't as concentrated as is desirable for a thriller. If the book had been a little more in that direction, I would have given it a standing ovation. As it was, I think I can hear the sound of bells tinkling as more entertainment awaits us while Isaac Bell attempts to save the world in the future.

0 von 0 Kunden fanden die folgende Rezension hilfreich. Thrilling and entertaining
Von JD Gives good atmospherics of the era, interesting plot, sometimes perhaps at the edge of plausibility. Very picturesque style of writing. Easy literature.
0 von 2 Kunden fanden die folgende Rezension hilfreich. Forget this book...
Von Eko Agus Susanto There is no real story behind this book. The characters are all boring and the story is very very unreal. After reading about 30 pages I gave up and put his book down.

Kurzbeschreibung *The Spy* is the third of Clive Cussler's brilliant historical thrillers. 1908, and American engineering geniuses are being killed off one by one . . . When a brilliant battleship gun engineer commits suicide, his disbelieving family turn to legendary Van Dorn Detective Agency. Quickly on the case, Isaac Bell establishes that the clues point not to suicide, but murder. So when further deaths connected to a top-secret project follow, Bell realizes that this is sabotage. With the world plunging towards war, it's clearly a spy at large. But which of the many foreign agents he has encountered is responsible? Or is there a more sinister explanation? In a blistering story featuring dreadnaught battleships and railroads, criminal gangs and beautiful women, *The Spy* is a breathtaking thriller that just happens to have at stake the fate of the world. Bestseller Clive Cussler - author of the Dirk Pitt novels *Arctic Drift* and *Crescent Dawn* - and co-author Justin Scott place hero Isaac Bell at the centre of a mysterious espionage conspiracy in the third novel of historical thriller series *The Isaac Bell Adventures*, *The Spy*. Praise for Clive Cussler: 'Cussler is hard to beat' *Daily Mail* 'The guy I read' Tom Clancy
