"must read" - book Von bambina\_p This is one of small count of books I've read more than twice - and it's still interesting! It has so many humor inside - the character of Jim, his actions.. My nephew (he is 14 now) presented this book at school; his teachers were shocked first (they had never read the book before), but then they enjoyed it so much.. So - if you want to feel free, want to smile by reading and have pleasant feeling after the book finished - this is right for you!
