Von Iain M. Banks : The State Of The Art (Culture series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The State Of The Art (Culture series):

Kurzbeschreibung The first ever collection of Iain Banks's short fiction, this volume includes the acclaimed novella, *The State of the Art*. This is a striking addition to the growing body of Culture lore, and adds definition and scale to the previous works by using the Earth of 1977 as contrast. The other stories in the collection range from science fiction to horror, dark-coated fantasy to morality tale. All bear the indefinable stamp of Iain Banks's staggering talent.

Pressestimmen 'Banks is a phenomenon: the wildly successful, fearlessly creative author of brilliant and disturbing non-genre novels, he's equally at home writing pure science fiction of a peculiarly gnarly energy and elegance' William Gibson 'Few of us have been exposed to a talent so manifest and of such extraordinary breadth' The New York of Science Fiction 'Unfailing inventiveness and wit' Guardian
