KurzbeschreibungThe No. 1 ebook bestseller, *The State We're In*, is the stunning, emotionally powerful novel from Sunday Times bestseller Adele Parks, author of *The Stranger In My Home*. What are the odds that the stranger sitting next to you on a plane is destined to change your life? Especially when they appear to be your opposite in every way. She's a life-long optimist, looking for her soul mate in every man she meets; he's a resolute cynic - cruel experience has taught him never to put his faith in anyone. People can surprise you. In the time it takes to fly from London to Chicago, each finds something in the other that they didn't even realise they needed. Their pasts are such that they can never make one another happy and it's when they get off the plane that their true journey begins...
PressestimmenThis novel has been tenderly and beautifully written and will stay with me for quite a while * *A Lover Of Books* * A cleverly written and tragically beautiful story filled with empathy and regret, that will stay in your thoughts for a long time, *The State We're In* is a story of love, family, abandonment and putting ghosts to rest. A haunting tale that will leave you in floods. This truly is Adele Parks at her best, I can't recommend this book enough * *Handwritten Girl* * A perceptive insight into family life, both idyllic and dreadful, and the individuals that are part of it. The characters are all people that you can believe in...and the ending? It's an absolute stunner! * *Our Books* * This book made me laugh, caught at my heart and then broke it. The story is clearly building to something but I didn't know what - I won't spoil it but this is definitely not one for public transport * *A Case for Books* * The story is completely mesmerising, and the ending heartbreakingly epic.
