Has anybody seen the Princess.....???Von Steffi A.So this is Book #1 in Anne Gracie's new series called "The Devil Riders" - four soldiers back from war and forced to adapt to a new world.Because I see that this is not done yet and because it's been quiet a while since I read the book I'll copy the backside summary for you:"The estranged younger son of an earl, Gabriel Renfrew earned glory and honor on the battlefield, but now, without purpose, he finds himself deliberately courting danger at every turn. Then one night he races along a dangerous moonlit cliff - and stumbles upon a beautiful woman obviously in need of saving....A Princess on the run, Callie has disguised herself and her son, the crown prince, as commoners, hoping to protect him from those intent on stealing the throne. She has no choice but

to trust the handsome ex-officer who's come to her rescue, even when he insists that only a marriage of convenience will provide her the ultimate protection. But while her new husband may keep Callie and her son safe from assassins, what will he do to her heart?"Both, Callie and Gabe are nice characters, each of them having their own demons to fight. Gabe is still plagued by his memories of the war but what's the worst for him is that fate had decided to let him live while so many of his friends had to die, friends who - contrary to him - had families who mourned them...Callie on the other hand is still trying to forget her greatest humiliation. She married Rupert, the Prince of Zindaria, when she was still but a child yet she had loved him with all of her heart and had never disguised her feelings for him. While he left for a few days for his hunting lodge in the forest Callie found out that she was with child and overcome with joy she decided to tell Rupert immediately only to encounter him in bed with his mistress making fun of her. From one moment to the other her world had shattered into pieces. Mortified to no end she had to realize that she had made a complete and utter fool of herself over him. So naturally it is hard for her to ever trust and love another man....It was a nice, easy read which kept me entertained for as long as I was reading it. If you do not set your expectations too high then you shouldn't be disappointed. However, really great books by Anne Gracie are "The Perfect Rake" and "The Perfect Stranger". You should read them too. 2 von 3 Kunden fanden die folgende Rezension hilfreich. Absolutely adorable! Von MAYA-ANGEL Great book, still the best one of the 3 Devil Riders so far released. The princess is so adorable and the hero so sensible yet strong. I loved it!
