**Von Dorothy McFalls : The Sweet and Spicy Regency Collection (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Sweet and Spicy Regency Collection (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. great box setVon LauraAs far as box sets go, I usually expect to like about half the novels and read through the rest just because. This one however was pretty great all the way. At this price it's a real steal! The last one dragged on a little

but I still enjoyed it. The first was the best imo - had me laughing out loud several times. Totally recommend this set!
