Von Dietmar Wehr : The Synchronicity War Part 3 (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Synchronicity War Part 3 (English Edition):

"Groundhog Day"Von Kindle CustomerSomeone must have told the author that the idea with the warnings from the future was too good to stop at that. So the story got in this sequel another twist and this was in my opinion a mistake. At the end i had a momentary black out and a retro-temporal-communication warned me not to read the next book because in a better reality the story should have come to an end in book three. Just sayin.0 von 0 Kunden fanden die folgende Rezension hilfreich. Kurz aber um so besserVon CustomerDiese 4-teilige Sci-Fi Serie ist toll fr alle

knallharte Sci-Fi und Militr-/Kriegsroman Fans. Die Story ist vom Anfang bis Ende spannend, jedoch das Ende des vierten Buches habe ich schnell erreicht. Der Roman lsst sich leicht lesen und verstehen, insb. auf Englisch kommt fr mich die Story richtig rber.0 von 0 Kunden fanden die folgende Rezension hilfreich. Again. a great read! Von Gregor Schneider Fantastic rollercoaster through space and time, although it sometimes gives you a hard time when everything seems to be lost. Will now start with book 4 and am very much looking forward to it!

Kurzbeschreibung The Synchronicity War is going badly for the Human Race and its loyal A.I. allies. The 11,000+ humans remaining in the Universe are desperately trying to remain undiscovered by their xenophobic alien adversaries while they attempt to rebuild a viable military defense and discover how they're receiving messages from the future. But Humans have now been contacted by a third alien race that says they want to help and tells the Humans that the xenophobic aliens aren't the REAL enemy. The real enemy is a life form that has a nightmarish biology and is a threat to the entire galaxy. What can 11,000 humans do that two other alien races can't do? How will two very special A.I.s ultimately decide the fate of their creators and who will pay the ultimate price for their loyalty? This hard hitting military SF series about desperate space battles and the warriors who fight in them continues in Part 3 and will be concluded in Part 4 (expected to be published in June of 2014) The paperback version of Part 3 is now available on createspace.com.
