Great translationVon CustomerThe Tale of Genji is NOT an easy book to read, but thankfully it is built up of chapters that can be read by themselves. So if you read a chapter or two at a time, it is easier.I have tried some translations before, but this is the first that is written in an English that is easy to follow, that gives the feeling of old Japan and that has enough explanations/footnotes etc.I believe this is the ultimate version of this classical masterpiece, and I recommend

it heartily.
