HerzigVon Cipera, Alfredaber nicht unerwartet wendig. Eine nette Fingerbung mit bekannten Sujets, zu erwartendem  
Ende und wenig Originalitt.Scalzi light, knnte man sagen :->)0 von 0 Kunden fanden die folgende Rezension hilfreich.  
GreatVon starbooksIHSimply great! What a way to integrate the Robotic laws. Marvellous idea for a space story, and

of true Scalzi originality. So well done!

Kurzbeschreibung Captain Michael Obwije of the Confederation Armed Forces has been hunting a Tarin battle cruiser in a dangerous game of cat-and-mouse. But when he orders his own ship in for the killing blow, the hot pursuit turns into a potentially more dangerous situation. One with implications for the entire Confederation.
