Von Jude Deveraux : The Taming (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Taming (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Not Your Typical Romance...Von Ein KundeWe have to face it as readers that various genres have annoying cliches and

characters that pop up ALL the time. One of my many pet peeves has been the scholarly sensitive viking/warrior. So the man has been taught to fight all his life, but he's a kind intellectual deep down. I didn't have that problem with this book at all. Rogan is very definitely not a sensitive intellectual. In modern times he would be a real bastard, but considering the times...At the same time Liana is not a shrinking flower. Once she realizes she has to be firm with Rogan she pushes and prods and is a very strong heroine in her own right. Rogan's horror at her affection and cleaning is funny to watch. And her exasperation at his inability to remember her name is equally amusing. Of course the book isn't perfect, but it is definitely one of my favorites.

Von Ein Kunde
This was the first book I read from Jude Deveraux and I loved it! I bought some more books of hers later, some were good some not so good, but this one has a special place in my heart. I read it over and over and I never get bored of it. It's very interesting to see tenderness and love developing in such a hard man, and I think Liana's character, as presented by the author, totally justifies this change in Rogan. For me it's a must have for fans of romantic literature.

Von Ein Kunde
I read this book a few years ago and reread it periodically. It remains one of my favourite Deverauxs. The heroine initially comes across as capable in everyday things but stupid in love. She weds a man no one would even dream of marrying - who has nothing, only two brothers (one is actually a sister) and a small ruined estate. Oh, and he is also fully occupied with a family feud which has been going on for years. His only use for his wife is her purse. However while apparently soft, she soon tames him - getting rid of his mistresses (seven, one for each day of the week), of all the dirt in his home and making sure that he meets her expectations in a husband. An example of brain beating brawn any day.

Kurzbeschreibung England's most valiant knights paid court to wealthy Liana Neville, but only the infamous warrior Rogan Peregrine made no secret of his powerful desires. His very caress melted Liana into liquid fire, and she vowed to capture this magnificent, wild man. Boldly the delicate beauty gave him her hand -- and Britain's richest dowry. Yet he was bound to a bitter feud: for love betrayed, brothers killed, and ancestral land usurped. In Rogan's war-ravaged castle, Liana would lay her tender siege...to redeem his embattled spirit and win his untamed heart!
