Von Vince Flynn : The Third Option (A Mitch Rapp Novel) before purchasing it in order to gage whether or not it

would be worth my time, and all praised The Third Option (A Mitch Rapp Novel):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Gut, aber die ersten beiden Bcher der Mitch Rapp-Serie waren besser!Von BS9911Es ist das 3. Buch der Mitch Rapp-Serie. Habe alle im Original (Enlisch) gelesen. Die ersten beiden habe mir deutlich besser gefallen als der 3. Teil. Warum? Ich fand das Ende etwas schwach, dachte da kommt noch was. Vielleicht kommt dazu noch etwas im nchsten Teil. Trotz allem wrde ich es empfehlen. Die Handlungen in den einzelnen Teilen sind zwar in sich abgeschlossen aber es ist besser, die vorherigen Teile zu kennen da ab und zu ein Bezug hergestellt wird.Fr Anfnger ist der Text zu anspruchsvoll, fr Fortgeschrittene gut zu lesen (auch ich muss unter leo.org immer wieder einzelne Vokabeln nachschlagen). Werde mir demnchst auch Thriller von Lee Child anschauen.0 von 0 Kunden fanden die folgende Rezension hilfreich. Vince Flynn - der beste Autor den ich KenneVon somobaLieferung Top, alles bestens, schnell und alles i.O.ber das Buch - leider ist der Autor heuer gestorben, habe mit diesem nun alle Exemplare...Einfach viel viel Besser als alle anderen - nicht umsonst immer wieder Bestseller.Dagegen kann weder Tom Clancy oder Dan Brown antreten!Natrllich am besten in Originalfassung - also Englisch.0 von 0 Kunden fanden die folgende Rezension hilfreich. Great book! but it ends with a cliffhanger...Von KlabauteermannMitch Rapp at his best! The operative is double-crossed during a mission in Europe and barely makes it home. When they get to his woman it gets personal!The book is a real page turner and you want to know how it ends.Unfortunately it ends with a cliffhanger...great read but now I have to get the sequel...

Kurzbeschreibung#1 New York Times bestselling author of American Assassinsoon to be a major motion picture Vince Flynns high-energy (Booklist) political thriller places CIA superagent Mitch Rapp in the crosshairs of an enemy even he did not anticipate.When diplomacy fails and military intervention is inappropriate, our leaders sometimes take the third option.Mitch Rapp has been assigned just such an unofficial task, targeting a German industrialist who is supplying a notorious terror sponsor. But when the mission is dangerously compromised, Rapp realizes hes been deemed an expendable asset in a power battle on home turf: the choice of Dr. Irene Kennedy as successor to dying CIA director Thomas Stansfield has many detractors, some who will resort to extreme measures to prevent her from taking the reins. But no one counted on Mitch Rapps returnor how far hell go to find out who set him up..deRancorous political infighting surrounds the selection of a successor to the dying head of the CIA just as Mitch Rapp, the agency's top operative, embarks on a dangerous mission to take out a well-known German industrialist believed to be supplying Middle East terrorists with highly sensitive equipment critical to constructing a nuclear bomb. When Rapp's ultimately successful mission is compromised from within, ailing CIA director Thomas Stansfield puts his imprimatur on the efforts of his chosen successor, Irene Kennedy, director of the agency's Counterterrorism Center, to identify the powerful interests both inside and outside the agency that wanted Rapp to fail. The motive soon becomes clear; there are people who'll stop at nothing to remove Kennedy from the helm of the agency after Stansfield dies. One thing they didn't count on was Rapp's survival, and now he's a lethal weapon whose sights are fixed directly on the most powerful among them. This is a strong, swift thriller, a bit predictable (the senator in the black hat has dogs named Caesar and Brutus) but nonetheless involving. Author Vince Flynn sustains the dramatic tension from the opening paragraph to the last; in Mitch Rapp, he's got the makings of a promising series hero. --Jane Adams.comRancorous political infighting surrounds the selection of a successor to the dying head of the CIA just as Mitch Rapp, the agency's top operative, embarks on a dangerous mission to take out a well-known German industrialist believed to be supplying Middle East terrorists with highly sensitive equipment critical to constructing a nuclear bomb.
