1 von 1 Kunden fanden die folgende Rezension hilfreich. Es ist nicht so, da viele Tote einen guten Krimi ergeben
Von Sands Kay
Ich hab mich wirklich ber das Buch gergert und wenn ich es nicht aufm Kindle gelesen htte... als echtes Buch wr's in die Ecke geflogen!
Der bse, grausame und wirklich BSE
Bsewicht ist mega, ber omnipotent. Er bricht ganz locker aus einem Hochsicherheitsknast aus, mordet sich durch Polizei und FBI weil er Soo intelligent ist und sie alle austrickst. Und das am laufenden Band. Die Heldin, seine (Ex-)Ehefrau ohne Selbstwert und Muskeltonus sucht Untersttzung bei einem Trinker und Exsldner (natrlich war er vorher Marine! logisch..) mit einer supertaffen, brillanten FBI-Agent Schwester. Alle kommen sie aus, hm, elenden Familienverhltnissen. Geplagt von -unntigen- Schuldgefhlen. Zum Schlu gibt's zwischen Held und Heldin noch ein Happy End.
Erstens, die Geschichte ist vllig berzogen.
Zweitens, 100 Seiten zu lang.
Drittens, mir war es zuviel Mibrauchs-Psychodrama-Gefasel.(fr nen Krimi.)
Viertens: wirklich zuviele unnrige Tote
Fntens: (Achtung Spoiler!) hat es mich malos gergert und ich war traurig darber, da seine FBI-Schwester zum Schlu auch noch erschlagen wurde!
Ich htte ihr wirklich, wirklich ein schneres Schicksal gewnscht!
Spoiler Ende.
Sechstens, mich rgert jeder Cent den ich fr das Buch bezahlt hab!
Fazit: es gibt bessere Krimis (mit und ohne Liebesgeschichte... Wobei diese hier nur am Rande mitluft.)
Nicht vom Anfang tuschen lassen, der ist ganz gut. (Die Leseprobe leider auch)
Positiv: es waren ein paar echt gute Sprche im Buch.
0 von 0 Kunden fanden die folgende Rezension hilfreich. klischeehaft und berzeichnet
Von C. Crit
Ich war sehr entuscht von diesem Buch. Der Einstieg war schon sperrig, aber die Story wurde nur noch schlimmer. Alle Figuren sind klischeehaft, berzeichnet und vollkommen unglaubwrdig. Die Handlung ist abgedroschen und schlichtweg bld. Bei der Hlfte hab ich aufgegeben.
0 von 0 Kunden fanden die folgende Rezension hilfreich. Cliches, cliches and more cliches!
Von Gecko
Honestly, I have never read in my whole life a book so full of cliches. If it were possible, I would like a return of my money.

Kurzbeschreibung
The past isn't over....
An unspeakable act has ripped apart the idyllic town of Bakersville, Oregon, and its once-peaceful residents are demanding quick justice. But though a boy has confessed to the horrific crime, evidence shows he may not be guilty. Officer Rainie Conner, leading her first homicide investigation, stands at the center of the controversy. It's hitting too close to home, bringing back her worst nightmares, threatening to expose her secret sins. But with the boy's life at stake, she won't let anything stop her from finding the real killer. With the help of FBI profiler Pierce Quincy, Rainie comes closer to a deadly truth than she can imagine. Because out there in the shadows a man watches her and plots his next move. He knows her secrets. He kills for sport. He's already brought death to Bakersville and forever shattered the community. But what he has really come for is Rainie -- and he won't leave until he has destroyed her....
From the Paperback edition..
deNothing is so dreadful that malicious imagination cannot improve on it; we know from the opening passages of *The Third Victim* that the High School shooting which breaks the heart of the small Oregon town of Bakersville is not as simple as it seems. Young Danny, son of the sherriff, is found with two smoking guns over the corpses of two schoolfellows and his favourite teacher--which for much of the town leaves things open and shut. For Rainie Conner, the young policewoman in charge of the case, things are not that simple--not least because she was once in Danny's position when found with the corpse of her abusive mother, blood and brains in her hair. For Pierce Quincy, an FBI profiler who has taken on school shootings as a break from the slow dying of his daughter, it all seems too pat. And someone is out there talking loudly in the diners and bars of the town, making sure that everyone knows what they ought to be thinking. Lisa Gardner's stylish new police procedural thriller is ingenious in the way it takes what we know from other cases and works inventive variations and spectacular twists on it. --Roz Kaveney
From Publishers Weekly
In her new thriller (following *The Other Daughter*), Gardner deftly probes the psychology of school shootings while developing a cast of complex, compelling characters. Rainie Conner initially joined the small-town police force in Bakersville, Ore., to escape the ghosts of her past. When she responds to a call from the local school and discovers students screaming, bodies lying inert in the rooms and one young boy holding two guns, however, Rainie find herself leading a controversial investigation and struggling to contain her childhood memories. The fact that the boy is the son of the town sheriff, Rainie's superior and friend, only intensifies the pressure Rainie endures from members of the community, the FBI and the media. Although she tries desperately to do her work amid the growing criticism, Rainie begins to question her own fragile psychological stability. Fortunately, she finds solace in the arrival of the gentlemanly Pierce Quincy, an FBI profiler with a sharp mind and a soft shoulder. The duo eventually reach the conclusion that someone else must be responsible for the massacre, someone who may have recruited the boy to do the shootings. A suspenseful, curl-up winter read, this thriller teems with crisp, realistic dialogue and engaging characters. (Feb.)
Forecast: Even though Gardner has only three titles under her belt, her adept use of language and her strong characterizations will ensure her a broad, loyal following. Readers won't be disappointed to learn that Special Agent Pierce Quincy will reappear in her next offering,

which is still untitled. Copyright 2001 Reed Business Information, Inc.
