Von Lauren Blakely : The Thrill of It (No Regrets Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Thrill of It (No Regrets Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A Good One!Von Tea PThe first couple of chapters of this book were difficult for me. I was confused and couldn't really get into the story with all the mysterious bits and secrets. But then! I loved it. It was great. The story developed really good.The friendship between Harley and Trey was wonderful. How they met was funny (at least for me) and fateful at

the same time. And when they overstepped the border of mere friendship and submitted to their desire for each other, it was passionate and hot. Trey was a wonderful character. Sweet, adorable, sexy, caring. And he had his own demons to fight. As the friendship between him and Harley developed, he struggled to share his past and his teary family's history and therefore held back a lot. Now, Harley was something else. She was more naive than anything, I would have expected regarding her former life. Though, this also made her likable. At first it seemed like she wouldn't make it into her new self. And I didn't like that part at all. Anyway, after a while Harley grew up and also became an adorable and strong character. I loved her. At the end I was glad *Every Second With You* is already available, because I really have to know how the story of Harley and Trey continues. I really hope to find the conclusion to Harley's book and Trey's family there. And of course everything else the end of this one hinted to.

Kurzbeschreibung A new adult story of Love. Sex. Addiction. Blackmail. And Power...Some say love can be an addiction. Others say its the thing that makes life worth living. Let me tell you everything I know about love Love isnt patient, love isnt kind. Love is a game, a chase. A thrill. Love is wild and war-like, and every man and woman must fight for themselves. At least thats how it was for me. A high-priced virgin call girl by the time I started college, I was addicted to love and to sex. Even though Ive never had either. I controlled love, played it, and held the world in the palm of my hands. Then I fell down from those highs, and Im being blackmailed for all my mistakes, forced to keep secrets from everyone, except the only guy I dont regret. Trey. ****With all the other women, I knew what they were. They were temporary. They were pills, they were bottles, they took away all the pain, and numbed the awful memories that wore away at my ragged, wasted heart. Until I met Harley. Shes the only girl I ever missed when she walked away. But now shes back in my life, every day, and there are no guarantees for us, especially since I dont know how to tell her my secrets. What happened to my family. All I know is shes the closest Ive ever come to something real, and I want to feel every second of it. ****How can you love with no regrets when regret is all you know? **THE THRILL OF IT** is book one of a two-book series. **Kurzbeschreibung** A new adult story of Love.
