Von Iris Johansen : The Tiger Prince before purchasing it in order to gage whether or not it would be worth my time, and all praised The Tiger Prince:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Not bad, but not great either!Von Ein KundeI found a copy of Dark Rider in my local library, and took to it like a duck to water.

I finished it in one sitting. I was really excited when I found a copy of *The Tiger Prince* because I thought it would be by the same standards. It disappointed me in that respect. The main two characters are nicely developed, but it takes them too long to get there. And while I like the other principle characters, once again the length it took for Johansen to delve into them just was not for me. *The Tiger Prince* was just too long, and took forever for anything to get accomplished. It wasn't bad, but after the first two hundred and fifty pages, I ended up skimming through all the useless descriptions to get to the meat of the story, which was not that great! At least not the story that *Dark Rider* was. I enjoy her thrillers, but thus far Johansen's historical romances have not thrilled me nearly as much!

0 von 0 Kunden fanden die folgende Rezension hilfreich. A magnificent novel!!

Von Ein Kunde This is a story of two people trying to overcome their painful pasts. Not only are there very interesting and compassionate main characters, but there are interesting secondary characters too. There is Li Sung, the young chinese man that is also Jane's best friend. John Kartauk, the arrogant and passionate goldsmith whom Abdar, an Indian Prince, will do anything to keep. Ian, Ruel's steady, placid brother who suffers a life shattering injury and Margaret, Ian's wife who will do anything to please Ian. Ruel is a passionate young man who's driving passion is a thirst for gold and an island called Cinnidar which holds his dreams. So sit back and enjoy this riviting story!

Von Ein Kunde I had just finished "Face of Deception" (which I really enjoyed), so when I saw this one, I picked it up and decided to give it a try. In general, I'm not much on romances -- I find the formulaic plots pretty boring. But this one was nicely written, and had some originality.

KurzbeschreibungThe heather-scented hills of the Scottish highlands come to life in a mesmerizing novel about a wickedly disturbing man who transforms a hardheaded businesswoman into a willing slave of passion.

From the Paperback edition.

From Publishers Weekly Johansen offers sex but precious little romance in this adventure tale set in late-19th-century India and Scotland. Jane Barnaby and her guardian, Patrick Reilly, are on the subcontinent building a railroad. Jane has hidden John Kartauk, a brilliant goldsmith who has crossed Prince Abdar, the local maharaja's son. Abdar (who is no more than a generic villain) strikes a deal with Ruel MacClaren and his half-brother, Ian, a pair of Scottish adventurers, to seek out Jane and John. Ruel soon suspects that he'll do better casting his lot with his quarry, and he's right: when he agrees to help Jane get John out of Abdar's clutches, John hands Ruel the secret to dealing with the maharaja. Unfortunately the escape plan goes awry in a horrible accident. Ruel blames Jane for the fiasco, and Johansen devotes much of the rest of this book to Ruel's efforts to make her pay--efforts that reach their nadir in his two-day "orgy of sexual indulgences," designed to debase and humiliate the woman he loves. It's hard to believe this is the same author who displayed such a splendid, light touch in *The Wind Dancer*. Copyright 1992 Reed Business Information, Inc.
