Linda Howard who wrote this book, I decided to try it. Man, was I glad I tried it! This story is full of unconditional love, suspense, and most important of all--the journey to discover that we're all granted more than a chance in life." Annie Parker came to Silver Mesa, Arizona, b/c it was the only place she'd found where folks thought a woman doctor was better than no doctor at all. Her lonely life became harder still on the winter night Rafe McCay broke into her office with a bullet in his side and a bounty hunter at his back. With a gun aimed at her heart, he led her deep into the Arizona mountains, and into a world of danger and passion, for Annie discovered Rafe not only a wounded man, but a soul betrayed...and Rafe, healed by her skill and the magic of her hands, awakened in Annie a woman's tender longing and hungry desire..." 1 von 2 Kunden fanden die folgende Rezension hilfreich. bisher das schlechteste, was ich von ihr gelesen habe Von Ein Kunde Ich bin Linda-Howard-Fan und habe etwa 15 Bücher von ihr, aber weder die Love-Story noch die Geschichte "dahinter" haben mich überzeugt. Es war das erste Buch von ihr, das ich zwischendrin ohne Bedauern weglegen konnte und das ich wahrscheinlich nicht noch mal lesen werde. (Ich glaube Dying to please habe ich mittlerweile 6-7 x gelesen) 1 von 5 Kunden fanden die folgende Rezension hilfreich. Very good but not quite as exciting as Linda is capable of. Von Ein Kunde I've read several of Linda's books - "Son of the Morning", "Angel Creek", "Lady of the West", etc. She never fails to engage my imagination. Each of her characters is in a struggle with outside and inside forces and she gives them a run for their money. This book is somewhat like the others, but she did rush the story and the characters aren't quite as fleshed out as I believe she would have liked. I think someone at the publishing house rushed her to get this to print.

Kurzbeschreibung Annie Parker came to Silver Mesa, Arizona, because it was the only place she'd found where folks thought a woman doctor was better than no doctor at all. Her lonely life became harder still on the winter night Rafe McCay broke into her office with a bullet in his side and a bounty hunter at his back. With a gun aimed at her heart, he led her deep into the Arizona mountains, and into a world of danger and passion, for Annie discovered in Rafe not only a wounded man, but a soul betrayed...and Rafe, healed by her skill and the magic in her hands, awakened in Annie a woman's tender longing and hungry desire. Pursued by dangerous secrets of the past, they are swept into a thrilling odyssey of the heart -- a bold, exhilarating journey that rekindles Rafe's lost hope and transforms Annie's healing gift into a deep, enduring love. From Publishers Weekly After four years on the run, outlaw Rafferty (Rafe) McCay's face wears "the remote expression of a man who had seen and caused so much death that it no longer touched him." Annie Parker is the lone doctor in boomtown Silver Mesa, a woman with a "worn, weary look" but with "softness in her brown eyes" and healing magic in her hands. An unlikelier pair could not be found, yet fate and a gunshot wound throw them together in Howard's (Angel Creek) new novel, set in Arizona territory in the 1870s . When Rafe forces Annie to come along and tend his gunshot wound, what begins as a kidnapping flowers into passion and love, but Howard's set-up is so obvious that her protagonists' coupling--the only real touch of fire in this book--is never really in doubt. Minimal tension provided by several run-ins with bounty hunters leads to the maximal tension of myriad graphic sexual encounters. Slowed down by redundancy and verbosity, Howard's tale wends its way cross-country towards its rather inevitable happy conclusion, with one truly moving segment wherein Rafe and Annie risk their lives to treat a settlement of seriously ill Apaches.
