are doors to a world that is called Anthropos. The three kids pass through the doors, but one of the kids, named Lisa went through a different door than the other two, which means Lisa was in a different place in Anthropos. So as the kids find their way through many kinds of obstacles they find each other. Some of the obstacles are dangerous, but the three kids can accomplish them. Through out the book the three kids have to face obstacles that get harder each and every time. These are just some of the events that occur start off the story. This book is great, but the only problem is that some of the words and names are hard to pronounce unless you are good at pronouncing words and names. If you can say them the best you can it is a great book. If you like this book then you should read John White's other books. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A wonderful fantasy book based on Christianity! Von Ein Kunde I have read this book about 8 times and I love it more and more with each reading. The Christian symbolism is great, it really gives you a sense of what God, Satan, Jesus, and Heaven are like. It is one of those books that you can't get enough of - every time you read it, you find something more or new symbolism. If you're a Christian, or are wondering about Christianity, it is an excellent way to learn about it in a different, yet accurate, way. I can't wait to read the rest of the books in the series! 0 von 0 Kunden fanden die folgende Rezension hilfreich. I highly recommend! Von Ein Kunde Though the style of this book appeals largely to children, my husband and I love every book in this series. We read them aloud to each other, and we will do so again when we have children. White's writing is what I might call simple and mature readers will notice small flaws, but the beauty of the character of Gaal touched me deeply, and it's simplicity is also it's beauty. Like the Narnia Chronicles, the Anthropos series can be enjoyed on many levels. We need more books like these in the world!

Kurzbeschreibung One moment Wesley, Kurt and Lisa are poking around in their uncle's attic. The next moment they have stepped into the magical world of Anthropos, where their help is needed to free a king and defeat the powers of evil.
