Von Natasha Rostova : The Transformation before purchasing it in order to gage whether or not it would be worth my time, and all praised The Transformation:

wasn't exactly the 'warm and fuzzy' type of character, I found myself really rooting for Lydia. The promise of more on her relationship with Nicholas kept me going thru Molly's and Cassie's stories, neither of which held the same heat - although, a lack of heat was definitely not a problem! All three stories gave a great glimpse into three friends who could not be more different yet, manage to get along so well. I look forward to reading more of Natscha's books. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Another Must-Read From Natasha Rostova! Von Ein Kunde Ms. Rostova does it again! Ms. Rostova adapts three modern tales from older fairy-tales and creates a delightful trio of intertwining erotica tales of friendship, sexuality transformation. Ms. Rostova leaves the reader breathless with a wide variety of sexual explorations and true-to-life characters that mirror today's woman. Brava! An engrossing fun read! Positively literate and by turns funny and poignant--but always hot. Scorchingly hot. If you loved 'The Captivation', you'll love this one, too. And if you haven't read 'The Captivation'? Chide yourself and then go forth and buy a copy with all speed!
