Von Charles Cumming : The Trinity Six before purchasing it in order to gage whether or not it would be worth my time, and all praised The Trinity Six:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Brilliant readVon Alfred J. KwakMost readers interested in espionage know about the Trinity Five, all graduates of Trinity College, Cambridge before WW II, already then spying for the Soviet Union, who continued serving and betraying the UK in sensitive government roles and positions. This novel is about another, sixth spy, active for half a century and

never flushed out' Time wise, TTS links WW II with today, thanks to an intriguing 91 year old character, a former spy. This carefully paced and -plotted story is about Dr Sam Gaddis, a financially-troubled history lecturer at University College London, another prestigious university. His latest book 'Tsars' compared imperial Russian rulers with its current leader. It is not a bestseller. What he needs is a stunning shocker of a book that will solve his money troubles once and for all. Cumming's book is about the search by Dr Sam for an elusive Cold War spy called Edward Crane and a man or operation codenamed ATTILLA. He is persistently frustrated by MI 6. Having reached Ch 39 on p 275 and looking forward to what happens next and the end game, still 125 pp away, I warmly recommend this thriller. Charles Cumming has spelled out and used well the copious literature about the historical Trinity Five. The action covers a number of EU countries and stretches to New Zealand (!) What propels readers on is the likeable academic and anti hero Sam through whose eyes much of the terrifying events, the killings and the threats are seen. Understanding and partly eluding today's spy tradecraft and surveillance technology (internet, telephone, public transport devices) comes quickly to Sam. I am rooting for him to succeed, but mentioning 'Dresden' early on has made me anxious about a plausible, not silly ending. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Excellent book Von Martin Feldkircher When you start reading C. Cumming's novels you can experience a gradual increase in the author's skills to write excellent spy novels. This book is one of his bests that I have read so far - the main character is interesting and the story is consistent. The author gives nice insights into British spy history 0 von 0 Kunden fanden die folgende Rezension hilfreich. Terrific book! Von SEAH No damage. Authors qualifications (Honors graduate in English from U of Edinburgh and employed by SIS) gave authenticity and readability.

Kurzbeschreibung FROM THE WINNER OF THE CWA IAN FLEMING STEEL DAGGER 2012 FOR BEST THRILLER OF THE YEAR. Perfect for fans of John le Carr, a gripping and suspenseful spy thriller from the master of the modern spy thriller (Mail on Sunday) Hard-up Russia expert Dr Sam Gaddis finally has a lead for the book that could solve all his career problems. But the story of a lifetime becomes an obsession that could kill him. When his source is found dead, Gaddis is alone on the trail of the Cold Wars deadliest secret: the undiscovered sixth member of the infamous Cambridge spy ring. Suddenly threatened at every step and caught between two beautiful women, both with access to crucial evidence, Sam cannot trust anyone. To get his life back, he must chase shadows through Europe's corridors of power. But the bigger the lie, the more ruthlessly the truth is kept buried Pressestimmen Praise for The Trinity Six: 'An utterly absorbing and compelling novel. A brilliant re-imagining of events surrounding the notorious Cambridge spy-ring' William Boyd, bestselling author of Restless 'Sheer excitement' Daily Telegraph 'Often talked of as a potential heir to John le Carré, Cumming confirms here that he's a reliably classy storyteller ... an assured and richly enjoyable thriller' Sunday Times 'Delicate and supremely controlled, this is a spy story to be savoured, not rushed' Daily Mail 'None of the new generation of spy writers lives up to the standard set by Deighton, Forsyth and Le Carré. Enter Cumming, a long-awaited light at the end of a very long tunnel ... This is today's spooks at their most ruthless, with Sam, a heroic if naive amateur sleuth, taking international hitmen and beautiful female agents in his stride to get to the truth. As good as Le Carré - praise indeed' Guardian Praise for Charles Cumming: 'From the first page to the last it has the ring of absolute authenticity. Tautly written, cleverly plotted...it reminded me strongly of the early books of John le Carré, Robert Harris 'The master of the modern spy thriller' Mail On Sunday 'If Cumming keeps up this standard he deserves to become an institution in his own right' The Times Pressestimmen Praise for The Trinity Six: 'An utterly absorbing and compelling novel.
