Vorkosigan saga. I really hope there will be more Tompa Lee books.

Kurzbeschreibung Tompa Lee - orphan, anti-social loner, and homeless street meat -- has clawed her way up to the stars. There, on planet Zee Shode, she finds the galaxy's greatest treasures: friendship and love. Happily ever after? Not if the Galactic Trading Council has its way. The Council rules by divide and conquer, and Tompa commits the unforgivable crime of forgery by forging an alliance between humans, Shons, and Klicks. The Council hires Lily Kilsing, earth's most feared bounty hunter, to deal with her. Kilsing lures Tompa to a deserted alien city by kidnapping her fiancé and her best friend. Can Tompa kill the huntress or will she be forced to sacrifice her own life to save her loved ones?

ber den Autor und weitere Mitwirkende Edward Hoornaert (a.k.a. Mr. Valentine) is not only a writer, he's a certifiable Harlequin Hero; he inspired N.Y. Times bestselling author Vicki Lewis Thompson to write her favorite Harlequin Desire, "Mr. Valentine", which was dedicated to him. In the past, he wrote contemporary romances for Silhouette Books, but these days he writes science fiction adventures--usually with elements of romance. In addition to novelist, he has been a teacher, technical writer, salesman, waiter, janitor, and symphonic oboist. After having 30 different addresses in his first 28 years, his rolling stone slowed in the mountains of British Columbia and stopped in Tucson, Arizona. His high school sweetheart has been his wife for more years than he has fingers and toes to count. Ed and Judi have four children, a dog, and a cat which (unlike some famous authors' cats) is of absolutely no help in writing.
