Von Lindsay McKenna : The Untamed Hunter (Mills Boon Desire) (Morgan's Mercenaries, Book 12) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Untamed Hunter (Mills Boon Desire) (Morgan's Mercenaries, Book 12):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. exciting. Action Packed! even men will like this book!Von Michael J. FoltzI usually don't enjoy romances, however this one really hooked me just browsing a few pages (sometimes I'll pick up what my honey is reading to see what she is fantising about), and read the whole book in one setting. It was packed with action and adventure, the romance was an additional treat. I liked it because of the Mercenaries, how they operate, and especially enjoyed the airplane sequence.

The writer did her homework on weapons, flying and the military scenarios "hook ups" and how the work. The characterization was very well placed and believable. These people are living, breathing people with faults and all. It grabbed me and held my attention to where I was immersed into this story to the end. Great JOB Lindsay I'm hooked. Looking forward to the next in the series and I plan to read the others before this one. 0 von 0 Kunden fanden die folgende Rezension hilfreich. WHY DESIRE? Von FormacI have the first three parts telling the stories of Reid, Ty and Devon Hunter. I was expectantly awaiting the release of the final installment of the Hunter saga telling the story of the oldest and deadliest Hunter brother, Shep. When I received my copy from , I was upset to see that the book had been published under Silhouette Desire unlike the first three that were published under Silhouette Special Edition. First, the cover didn't do justice to Shep. I won't take anything away from the context of the story. It was action-packed and intense, but the shortened length of the story was definitely noticeable. I just didn't feel the connection between the couple. Everything was resolved too fast. I was definitely disappointed. Don't get me wrong, it's worth reading, but it just didn't compare. Sorry Lindsay. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Terrific Story Major 5 Star Read Von Gail Carswell Shep Hunter is a man who likes to operate alone as a mercenary. I liked the fact he has to pair up with a woman, who takes no nonsense from him and is able to stand her ground. Even better, Maggie, the heroine, is a great role model for other women. Maggie is confident and poised. This story brought this character to life and watching Shep dealing with her was a delight. She shows the hero how a woman can trust what she knows. I really enjoyed the romance linked with the adventure in this story. Lindsay McKenna really knows how to get me on the edge of my seat and keep me there. I couldn't put the book down. Read it. You won't be sorry!

Kurzbeschreibung Rock-solid, hard-bitten and no stranger to danger, mercenary Shep Hunter was going to run his latest mission without interference from Dr. Maggie Harper, the woman who'd stubbornly walked away from him years ago. But Maggie had some definite ideas about how to handle their covert assignment and her passionate persuasion told Shep she knew just how to handle him! Now the strong soldier of fortune wondered if he could keep beautiful Maggie under his command without giving up his steel-clad grip on his heart. Kurzbeschreibung Rock-solid, hard-bitten and no stranger to danger, mercenary Shep Hunter was going to run his latest mission without interference from Dr. Maggie Harper, the woman who'd stubbornly walked away from him years ago. Now the strong soldier of fortune wondered if he could keep beautiful Maggie under his command without giving up his steel-clad grip on his heart. Autorenkommentar Shep Hunter wasn't about to be tamed by any woman! This is the 4th and last book of my Hunter Series for Morgan's Mercenaries. Shep Hunter is the iconoclast; the unreachable and oldest brother of the four. He loved once--and lost her. He has hardened his heart to the point where no woman can ever weave her love into his closed heart again. Only when the woman he lost walks back into his life--and into the virulent danger of being bait so that the Black Dawn terrorist will strike at so they can be captured before they loose genetically engineered Anthrax on some unsuspecting U.S. city--does Shep lower his guard and open his heart. But is it too late? I loved writing about Shep. This is a book fraught with danger, powerful and unfulfilled love that has never culminated, as well as lightning pacing. I hope my readers enjoy it. Please let me know! Warmly, Lindsay McKenna
