Von Catherine Coulter : The Valentine Legacy (Legacy Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Valentine Legacy (Legacy Series):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Pirates, Treasure, And A Searing Love...Von KellyWhat more could you ask for? *The Valentine Legacy* is a wonderful romance about the "girl next door" transforming into a lovely woman who finally catches the eye of the man she has loved for years. James is obviously surprised and attracted when he meets Jesse again. Also, he is jealous! Every time she goes out in her new dresses, he can hardly believe his eyes. "Trollop," is the name he uses mostly to describe her, but you know it is just because he dosen't want anyone else to feel like he feels about her. If that isn't a blossoming love, I don't know what is. Also, the incidents leading up to Jesse's transformation were hysterical. It was heartwarming to see her try to save James from Glenda. The plot was interesting, and the secret of Blcakbeard's diary

added much intrigue. One disappointment is that you expect more time to be devoted to the treasure. All in all, it is an extremely well written book with interesting word choice, excellent organization, interesting side plots, and a wonderful love that turns the book into the treasure that is being sought.0 von 0 Kunden fanden die folgende Rezension hilfreich. COULTER SUCCEEDS AGAIN! Von Ein Kunde This book is really great. I have read all of the books in the trilogy as well as the viking trilogy, and this is one of the best. It has a great plot, a good mystery, and intriguing characters. I was constantly wondering what would happen next. It didn't seem as if Jessie and James would ever, or could ever get together. One thing I especially like about Catherine Coulter's trilogies are that she uses the characters from her previous books again, so you get even more insight into them. For any Catherine Coulter fans, or romance fans in general, this book is a must0 von 0 Kunden fanden die folgende Rezension hilfreich. couldn't put it down Von Ein Kunde This is one of my most favorite books by Coulter. I have read it so many times that I had to get a new copy. I found Jessie endearing in her hilarious attempts to make herself into the kind of woman that James would notice. James is oblivious to her except as a racing appointent until fate strikes sending her fleeing to England and his relatives. When James finds her she has been transformed from a tomboy to a beautiful woman. As they find each other they also find a mystery that still haunts Jessie. This book has it all.

Kurzbeschreibung A Regency romance to win readers' hearts from the #1 New York Times bestselling author. The third novel in Catherine Coulter's popular Legacy trilogy. From Booklist The horse-racing world of nineteenth-century Baltimore makes a great setting for Coulter's newest romance, the last in the Legacy trilogy, following *The Nightingale Legacy* (1994) and *The Wyndham Legacy* (1994). Tomboyish jockey Jessie Warfield captures the attention, if not the affection, of James Wyndham by beating him in races, dressing and riding in a definitely unfeminine fashion, and even rescuing a horse stolen from his stables. Naturally the two are destined for love and marriage, but it takes the "My Fair Lady" ministrations of Wyndham's English kin over a runaway Jessie to seal their fate. This conclusion to Coulter's Legacy trilogy reintroduces lively characters from across the sea and winds up with an American treasure hunt involving a pirate legacy. Coulter, while more inclined to adventure than realism, does an excellent job of luring her readers into this unlikely, exuberant adventure. Denise Perry Donavin From Library Journal Refusing to marry James Wyndham, the man she has loved secretly for years, outspoken, naive Jessie Warfield escapes to England and the estate of James's cousins? and a life as a "nanny." However, when James comes to fetch her, a group of delightful meddlers make certain that they end up neatly married instead. Old secrets, a pirate's legacy, and a cast of wonderful characters are part of this funny, lively, and occasionally mysterious story that provides a satisfactory conclusion to Coulter's "Legacy" trilogy (*The Wyndham Legacy*, Putnam, 1994, and *The Nightingale Legacy*, Putnam, 1994.) Readers who enjoy this historical might also find those by Jo Beverley of interest. [Coulter lives in Mill Valley, Cal.] Copyright 1995 Reed Business Information, Inc.
