Von Aiden James, Patrick Burdine : The Vampires' Last Lover (Lifblood Legacy Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Vampires' Last Lover (Lifblood Legacy Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Book 1. Very creative.Von Detra FitchThe night Txema (pronounced "Chema") Ybarra turned nineteen, her life changes

forever. Until then, Txema's plans had been to finish graduating from the University of Tennessee and becoming a veterinarian. But as Txema finishes preparing to go out with her boyfriend, Peter Worley, to celebrate, a vampire appears with warning of evil creatures lurking just outside her dorm. The vampire, Garvan de Sang, is one of five emissaries who have crossed the Atlantic to meet and protect Txema. Of course, Txema does not fully believe it, but all too soon the truth is revealed. Students begin dying. But it is Txema the creatures are seeking. Upon Txema's neck is a birthmark resembling twin tears. It is a sign of an ancient royal bloodline which carries a gift that a breed of vampires needs to survive, and which allows them to govern the less-fortunate of their kind. Without Txema's bloodline, these vampires would lose control over their primal urges. Should that happen, the vampires would gorge themselves until the human race became extinct. One of the vampire emissaries, Chanson, is a female distantly related to Txema. Hundreds of years ago, Chanson had been in the same position in which Txema is now. Another vampire, Ralu Izcacus, considers himself to be the king of the lesser beings. (Think of menacing and deformed vampires and cruel human chupacabras which consider humans to be their playthings and/or chattel.) It is Ralu that has creatures hunting the campus for Txema. Ralu would enjoy seeing Txema's bloodline end. Thus begins a cat and mouse game between immortals that will eventually decide the fate of humanity. **** FOUR STARS! This story is written in the First Person with Txema as the main focus. The very first page has Txema explaining that she is writing down the last ten days of her life for possible future readers. Fortunately, this means that I see events through Txema's eyes. As Txema learns and understands what is happening, so do I. Unfortunately, this also means that whenever Txema becomes unconscious, I am unable to witness dramatic events unfolding or the clash of exciting battles. In my opinion, hearing about battles (and/or the outcomes) narrated after the fact is not nearly as satisfying. As with the previous titles I have read by this author, I found the author's writing style to be silky smooth and the main plot line to be extremely creative. The fertile imagination of Aiden James definitely knows what today's readers want to see in their stories. **** Reviewed by Detra Fitch of Huntress Reviews. 0 von 0 Kunden fanden die folgende Rezension hilfreich. And another Vampire that draws you in Von Jules It's a really nice story, easy and fast reading and definitely enjoyable, even though I have to say the end wasn't quite what I expected. Can't wait for book two.

Kurzbeschreibung Txema Ybarra is the most unenviable nineteen-year-old girl alive. Smart, pretty, and athletically gifted, this University of Tennessee freshman should be enjoying college life and her entrance into adulthood. And for a moment she does until the vampires show up. Born with an unusual twin teardrop birthmark on her neck, Txema (pronounced Chema) is one of only a handful of females in the world who bear this trait. It marks her as a vessel of eternal youth and beauty for an elite vampire society determined to protect her precious blood. But it also is the only thing standing in the way of a rogue undead nation determined to destroy mankind and usurp the power their sexier brethren have held uncontested for centuries. Caught in the middle of this war after all the other bearers of the birthmark are murdered, Txema must flee America and heads to France under the protection of five beautiful vampires who all have a vested interest in her survival. The race is on to save her blood, as well as her very life, to ensure the survival of Les Amantes de Vampire. Otherwise, Txema will be the last one the vampires last lover.
