Von Elizabeth May : The Vanishing Throne (Falconer Trilogy 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Vanishing Throne (Falconer Trilogy 2) (English Edition):

the second book "The Vanishing Throne". All in all it was simply great. The whole world is so interesting, the story so exciting, each character so lovable, one cannot put the book away. Unfortunately in the middle there were some parts that could be shorter or maybe more emotional. These parts had a little bit of a documentation. However, the ending was really entertaining with a nasty cliff hanger, so that I now can't wait to read the next book. Thank you very much, Elizabeth May, for this great story!

Produktbeschreibung My name is Lady Aileana Kameron. First the fae murdered my mother. Then they destroyed my world. Now I'm fighting for more than revenge. Aileana took a stand against the Wild Hunt, and she lost everything: her home, her family and her friends. Held captive by her enemy, and tormenting herself over her failure, escape seems like only the faintest possibility. But when she gets her chance, she seizes it . . . to rejoin a world devastated by war. The future is bleak. Hunted by the fae, running for her life, Aileana has only a few options left. Trying to become part of a society scarred by - and hiding from - the Wild Hunt; trusting that a fragile alliance with the fae will save her; or walking the most dangerous path at all: coming in to her own powers as the last of the Falconers . . .
